

DMYTRO MARKOVYCH

QA/QC ENGINEER

CAREER OBJECTIVE

I have military experience, which has honed my analytical thinking and ability to work under pressure. My technical skills include hands-on experience with Linux, and I've completed the DevOps Fundamentals course at SoftServe Academy and Google AI Essentials, gaining a solid foundation in automation, CI/CD, cloud technologies, and AI. Currently, I'm deepening my knowledge in QA and am eager to grow in this field. I'm highly motivated to advance in IT and thrive in collaborative team environments.
