

Error 404 when selecting sort by price

Description

Pre-conditions:

The site is open [Интернет-магазин элитного чая, посуды для чайной церемонии Чайный Путь - Cha Dao](#)

Steps to reproduce:

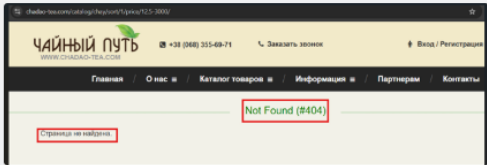

1. Click the Products section button.
2. Select the "Tea" section from the main menu.
3. In the "Sort" drop-down list, select the "by price: from high to low" option.

Actual result:

Not found (#404) Page not found.

Expected result:

Products must be sorted by price.

Environment:

Windows 11, Chrome 138.0.7204.100

Cha Dao site test-case

Checking the main pages

Test #1: Home page loads

Steps: Open <https://chadao-tea.com/>

Expected result: Blocks are displayed: "Bestsellers", "Discounted Products", top menu, footer

Test #2: Checking the category navigation

Steps: Click on "White Tea", "Red Tea" and others

Expected result: Category pages open, showing products

Test #3: Information pages

Steps: Click on "About us", "Payment and delivery", "Contacts"

Expected result: Relevant texts and contact details are displayed

Products and cart

Test #4: Viewing the product page

Steps: Select the product "Da Hong Pao" > go to its page Expected result: Photo, description, price, availability status are displayed

Test #5: Adding an item to the cart

Steps: Click "Buy" for an available item Expected result:

Item added, cart updated

Test #6: Attempt to add a missing product

Steps: Click "Buy" on a product with the status "Out of stock" Expected result: A message appears or the action is blocked

Test #7: View Cart

Steps: Click on the cart icon

Expected result: List of products, amount, checkout button displayed

Authorization and registration

Test #8: Go to the login page Steps:

Click the "Login" button

Expected result: The authorization form opens

Test #9: Login Error

Steps: Enter invalid email/password > Submit

Expected result: The message "Invalid login or password" appears

Test #10: Register a new user

Steps: Fill in valid data on the registration page

Expected result: User created, go to the account
